

Step-Through Frame Electric Bicycle with Child Seat

This electric bicycle features a step-through frame, making it easy to mount and dismount. Equipped with a front basket and rear child seat, it's designed for city travel and family outings.

Overview

Designed for Utility and Comfort

This step-through frame electric bicycle is engineered for versatile urban mobility, combining ease of access with practical transport solutions. Featuring a robust rear child seat and a convenient front basket, it serves as an ideal vehicle for daily errands or family commutes. The classic yellow and white aesthetic is complemented by a reliable electric drive system and front suspension, ensuring a smooth and stylish ride.
