

# Step-Through Frame Electric Bicycle with Storage

This electric bicycle is designed with a step-through frame for easy access. It includes front and rear fenders, a rear storage compartment, and a front basket for added convenience.

## Overview

### Versatile Step-Through Electric Bicycle

This electric bicycle features a user-friendly step-through frame design, making it accessible for riders of all levels. Equipped with both front and rear storage solutions, including a rear compartment and front basket, it is optimized for utility and convenience. The integrated rear hub motor and frame-mounted battery provide a balanced and efficient ride for daily commuting or light cargo transport.
