

Step-Through Frame Electric Bicycle with Storage

This electric bicycle has a step-through frame for easy access. It includes a front basket and rear rack for carrying items during urban commutes and recreational rides.

Overview

Urban Commuter Utility

This step-through electric bicycle is engineered for convenience and utility, making it an ideal choice for urban commuting and daily errands. The frame design ensures easy mounting and dismounting, while the integrated front basket and rear cargo rack provide ample storage capacity for groceries or personal items. Powered by a rear-wheel electric motor and a seat-post mounted battery, it offers reliable power assistance for a smooth riding experience.
