

Step-Through Frame Electric City Bicycle

This electric bicycle is designed with a step-through frame for easy access. It is equipped with a front basket and rear rack, making it suitable for urban commuting and errands.

Product Overview

Designed for Urban Mobility

This electric city bicycle features a convenient step-through frame design, making it ideal for daily commuting and leisure riding. Equipped with a rear-wheel integrated motor, it offers reliable assistance for navigating urban environments. The inclusion of practical accessories like a front basket, rear rack, and fenders ensures it is ready for immediate use in various weather conditions.
