

Step-Through Frame Electric City Bicycle with Basket and Rack

This electric bicycle is designed with a step-through frame, making it easy to mount and dismount. It includes a front basket and rear rack, offering practical storage for urban commuting and errands.

Product Overview

Urban Commuter Electric Bicycle

This electric city bicycle features a convenient step-through frame design, making it accessible and comfortable for riders of all levels. Equipped with an integrated electric motor and battery system, it provides reliable assisted propulsion for daily commuting or recreational city riding. The inclusion of a front basket and rear rack enhances utility, offering practical storage solutions for groceries, bags, or other essentials.
