

Step-Through Frame Electric City Bike with Basket

This electric bike features a step-through frame for easy access and a front basket for carrying items. It is designed for comfortable city riding with electric motor assistance.

Overview

Designed for Urban Convenience

This electric city bike features a user-friendly step-through frame design, allowing for effortless mounting and dismounting, which is ideal for daily commuting. Equipped with a practical front basket and a rear rack, it offers excellent utility for carrying groceries or personal items. The bike combines a sleek blue and silver aesthetic with essential commuting features like integrated fenders and a side stand, ensuring a comfortable and reliable ride.
