

Step-Through Frame Electric City Bike with Basket and Rack

This electric bike features a step-through frame for easy access and comfortable riding in urban environments. It includes a front basket and rear rack for carrying groceries or personal items.

Product Overview

Urban Utility Electric Bike

This electric city bike features a convenient step-through frame design, engineered for effortless mounting and dismounting in urban environments. Equipped with both a front basket and a rear rack, it provides ample storage capacity for daily commuting or errands. The integrated design includes protective fenders, a stable kickstand, and a comfortable, upright riding geometry, making it an ideal solution for reliable city transportation.
