

Step-Through Frame Electric City Bike with Basket and Rack

This electric bike is designed with a step-through frame for easy mounting and dismounting. It includes a front basket for carrying items and a rear rack for additional storage.

Overview

Designed for Urban Comfort

This Step-Through Frame Electric City Bike is engineered for convenience and ease of use in urban environments. The low-step design ensures effortless mounting and dismounting, while the integrated rear rack and front basket provide practical storage solutions for daily commuting or errands. With a supportive seat featuring a backrest, this bike prioritizes rider comfort for both short trips and longer recreational rides.
