

Step-Through Frame Electric City Bike with Basket

This electric bike features a step-through frame for easy mounting and dismounting. It includes a front basket and a padded seat with a backrest for comfortable urban transport.

Product Overview

Comfortable Urban Commuting

This electric city bike is designed for effortless urban travel, featuring a convenient step-through frame that allows for easy mounting and dismounting. Equipped with both an electric motor for assisted propulsion and standard pedals, it offers versatile riding options for various fitness levels and commuting needs. The inclusion of a front basket and a padded seat with a backrest ensures a practical and comfortable experience for daily errands or leisurely rides.
