

Step-Through Frame Electric City Bike with Fenders and Cargo Rack

This electric bike has a step-through frame, making it easy to mount and dismount. It is equipped with front and rear fenders and a luggage rack.

Overview

Designed for Urban Mobility

This electric city bike features a convenient step-through frame design, ensuring effortless mounting and dismounting for riders of all abilities. Engineered for daily commuting and errands, it includes essential utility features such as integrated fenders, a cargo-ready luggage rack, and high-visibility lighting. With an adjustable handlebar setup and a supportive seat with a backrest, this bike prioritizes comfort and practicality for smooth riding on paved city surfaces.
