

Step-Through Frame Electric City Bike with Integrated Battery

This electric bike features a step-through frame design for easy mounting and dismounting. It is equipped with a front basket, rear rack, and integrated battery pack for convenient urban commuting.

Product Overview

Urban Commuter Design

This electric city bike features an accessible step-through frame design optimized for comfortable urban commuting. It comes fully equipped with essential utility features, including a front basket, a sturdy rear rack, and a kickstand. The integrated battery pack contributes to a low center of gravity, ensuring stability and ease of handling for daily riders.
