

Step-Through Frame Electric Commuter Bike

This electric city bike features a step-through frame for easy mounting and dismounting. It is equipped with a front basket and rear storage for convenient urban transport.

Overview

Urban Commuter Design

This electric commuter bike features a convenient step-through frame design, making it ideal for daily urban travel. Equipped with integrated electric components, front and rear lighting, and a padded seat for comfort, it is built for practicality and ease of use. The inclusion of front and rear storage compartments adds significant utility for carrying personal items or groceries during commutes.
