

Step-Through Frame Electric Motorcycle

This electric motorcycle is designed for efficient and eco-friendly transportation. It features a step-through frame for easy mounting and dismounting, making it suitable for a wide range of riders.

Product Overview

Designed for Urban Efficiency

This electric motorcycle features a convenient step-through frame design, ensuring easy mounting and dismounting for riders of all types. Engineered for eco-friendly daily commuting, it combines electric motor assistance with practical utility features like a front storage basket. With safety-focused additions such as rearview mirrors and reliable braking components, it offers a balanced solution for efficient personal transportation.
