

Step-Through Frame Electric Scooter with Storage

This electric scooter is designed with a step-through frame, allowing for easy mounting and dismounting. It features a rear storage box and is equipped with front and rear lights, making it suitable for urban commuting.

Product Overview

Urban Commuter Design

This electric scooter features an accessible step-through frame, specifically engineered for effortless mounting and dismounting. Designed for urban environments and short-distance travel, it combines practical utility with a stylish two-tone silver and burgundy finish. The inclusion of a rear storage box and integrated lighting systems ensures it is ready for daily commuting needs.
