

Step-Through Frame Electric Scooter with Storage

This electric scooter has a step-through frame, which allows for easy mounting and dismounting. A storage box is mounted behind the seat for additional cargo capacity.

Product Overview

Urban Commuter Utility

This electric scooter features a convenient step-through frame design, ensuring easy mounting and dismounting for riders of all abilities. Engineered for practicality, it includes a dedicated storage box mounted behind the seat, making it an ideal solution for urban commuting and light cargo transport. Its refined aesthetic is complemented by chrome accents, while essential safety features like a headlight, rearview mirrors, and a front fender provide a reliable riding experience.
