

Step-Through Frame Motorcycle

This is a step-through frame motorcycle with a silver finish. It includes a black seat, rearview mirrors, a front fender, a protective bar, a luggage rack, and a tail light.

Overview

Versatile Step-Through Design

This motorcycle features a convenient step-through frame, making it easy to mount and dismount, which is ideal for urban commuting and delivery tasks. It is equipped with essential safety and utility features, including a protective perimeter bar and a sturdy rear luggage rack. Designed for reliability, the vehicle combines practical ergonomics with a functional layout suitable for daily professional use.
