

Step-Through Frame Motorcycle with Basket and Rack

This motorcycle has a step-through frame, making it easy to mount and dismount. It is equipped with a front basket and rear rack for carrying items.

Overview

Versatile Urban Commuter

This step-through frame motorcycle is designed for convenience and utility in urban environments. Featuring a classic aesthetic with chrome accents, it comes equipped with both a front basket and a rear rack for enhanced cargo capacity. Its practical design makes it an ideal choice for daily commuting and light delivery tasks.
