

# Step-Through Frame Motorcycle

This is a step-through frame motorcycle designed for utility and commuting. It features chrome accents on the exhaust, rear rack, and front fender rack.

## Overview

### Utility Step-Through Motorcycle

This versatile step-through motorcycle is designed for efficient commuting and light utility tasks. Its classic design features a robust single-cylinder engine and a user-friendly frame geometry that allows for easy mounting and dismounting. With practical additions like rear and front fender racks, this vehicle is an ideal choice for urban transport or small-scale delivery needs.
