

Step-Through Frame Trekking Bicycle

This trekking bicycle features a step-through frame for easy mounting and dismounting. It includes front and rear fenders and a rear rack, making it suitable for commuting and light touring.

Product Overview

Designed for Comfort and Utility

This step-through trekking bicycle is engineered for effortless mounting and dismounting, making it an ideal choice for daily commuting and leisure riding. It features a robust steel frame and an upright riding posture that ensures comfort over extended distances. Equipped with essential utility features like a rear storage rack and fenders, this bicycle offers reliable performance on both paved and unpaved surfaces.
