

Step-Through Motorcycle with Luggage Rack

This step-through motorcycle is equipped with a single-cylinder engine and a swingarm rear suspension. It features a step-through frame, comfortable seat, and rear luggage rack for urban commuting.

CT100-2

Overview

Urban Commuter Solution

This step-through motorcycle is engineered for maximum practicality and fuel efficiency in urban environments. Featuring a user-friendly step-through frame design for easy mounting and dismounting, it is an ideal choice for daily commuting. The inclusion of a sturdy rear luggage rack enhances its utility for carrying essential items, making it a reliable workhorse for city transport.
