

# Stepless Speed Control Electric Fan

This electric fan is designed for efficient air circulation. It features stepless speed control, quiet operation, and a wide wind distance.

## ADDITIONAL IMAGES

## Product Overview

### Advanced Air Circulation Solution

This modern electric fan is engineered for superior air circulation, utilizing a fluid blade design to deliver a softer, more natural breeze. Equipped with a high-performance brushless motor, it offers stepless speed control for seamless adjustments and ultra-quiet operation, making it ideal for both home and office environments. With a powerful air projection distance of up to 15 meters and comprehensive 360-degree coverage, it effectively circulates air throughout any room.

## Performance Metrics

### Noise Level (High Speed)

**59 dB(A)**

Noise Level

### Max Wind Distance

15 m

## Technical Specifications

Motor Technology	Brushless Motor
Speed Control	Stepless
Oscillation Angle	360 degrees

## Features

### Warranty

10-Year Warranty

### Control Options

App Control, Remote Control
