

Stone and Tile Cutter

This high-performance cutter is designed for precise and efficient cutting of marble, tile, granite, and other stone materials. It features a powerful motor, adjustable cutting depth, and integrated water cooling system for dust-free operation and extended blade life.

Product Overview

Professional Stone and Tile Cutting Solution

This high-performance cutter is engineered for precision and efficiency when working with marble, tile, granite, and various stone materials. It features a powerful motor and an integrated water cooling system, which ensures dust-free operation while significantly extending the lifespan of the cutting blade. Designed with ergonomics in mind, the unit provides comfortable handling to reduce user fatigue, making it an ideal choice for both professional contractors and serious DIY projects.
