

Stone Cutting Machine

This stone cutting machine is engineered for precise and efficient cutting of marble, granite, and other stone materials. It features a powerful motor, adjustable cutting depth, and an integrated water cooling system for dust-free operation and extended blade life.

Product Overview

Professional Stone Cutting Performance

This high-performance stone cutting machine is engineered for precision and efficiency when working with marble, granite, and various stone materials. Featuring a robust 1400W motor, it delivers the power necessary for demanding fabrication and construction tasks. The design prioritizes operator comfort and ease of use, ensuring consistent results in professional environments.

Performance Metrics

Power Input

1400 W

Power Input

No Load Speed

11500 r/min

Cutting Specifications

Blade Diameter

110 mm

Max Cutting Depth

34 mm

Electrical & Connectivity

Power Supply Cord Length

2.8 m
