

Stoning Hammer with Fiberglass Handle and Rubber Grip

This stoning hammer is designed with a fiberglass handle to provide enhanced strength and reduce vibration. It also features a rubber grip for comfortable and secure handling during prolonged use.

Product Overview

Professional Stoning Hammer

This heavy-duty stoning hammer is engineered for demanding tasks in masonry, stonework, and general construction. It features a robust steel head designed for optimal impact force and precision shaping. The integrated fiberglass handle ensures long-lasting durability while effectively dampening vibration for the operator.

Technical Specifications

Handle Material	Fiberglass
Head Material	High-Quality Steel
Grip Material	Rubber

Key Features

Key Benefits

- Vibration reduction handle
- Ergonomic rubber grip
- High-impact force steel head
- Professional-grade durability

Applications	Stonework, Masonry, Demolition, General Construction
