

Strut Bumper and Bellows Kit for BMW 1 Series

This kit includes strut bumpers and bellows designed for BMW 1 Series vehicles. The bellows protect the strut from dirt and debris, extending its lifespan, while the bumper cushions the suspension during extreme compression, preventing damage.

Product Overview

High-quality strut bumper and bellows kit designed for optimal suspension protection.

Suspension Protection Kit

This Strut Bumper and Bellows Kit is engineered to maintain the integrity and performance of the BMW 1 Series suspension system. Designed to meet strict original equipment parameters, the kit provides essential protection against road debris, moisture, and extreme environmental conditions. The components are crafted from high-quality polyurethane and natural rubber or TPV, ensuring durability, wear resistance, and reliable cushioning during suspension travel.

Technical Specifications

Reference Numbers

- BOGE: 893230
- SACHS: 900323
- GSP: 5406791PK

Material Composition

Polyurethane, Natural Rubber, TPV, PP

Vehicle Compatibility

BMW 1 Series (2010-2018)

OE Numbers

31306791712, 31336855440, 31336858239

Performance Metrics

Fatigue Test Performance

200000 times

Impact Cycles

100000 KM

Service Life

Operating Temperature

-40 °C

Storage Shelf Life

3 years

Commercial Terms

Certifications

ISO • IATF

Warranty

1 year

Minimum Order Quantity

100 PCS
