Product Overview

The kit includes a high-quality strut bumper and durable bellows designed for the Citroën Berlingo suspension system.

High-Performance Suspension Protection

This Strut Bumper and Bellows Kit is engineered to meet strict original equipment parameters, ensuring optimal suspension performance for your vehicle. Constructed from high-quality polyurethane and durable natural rubber or TPV, these components offer exceptional wear and tensile resistance. Designed to withstand extreme temperatures as low as -40°C, the kit effectively protects your shock absorbers from debris and impact damage, extending their service life significantly.

Technical Specifications

Material

- Polyurethane (PU)
- Polypropylene (PP)
- Natural Rubber or TPV

OE Numbers

503370, 525431, 963626388

Reference Numbers

SACHS 900081, MONROE PK124

Performance Metrics

Fatigue Test Resistance

200000 cycles

Impact Cycles

100000 km

Distance Protection

Low Temperature Performance

-40°C

Compatibility

Model

Citroën Berlingo

Year Range

2008-2018

Logistics & Warranty

Certifications

ISO • IATF

Warranty

1 year

Minimum Order Quantity

100 PCS
