

# Submersible Water Pump with 2 inch Discharge

This submersible pump is designed for efficient water removal. It has a 2 inch discharge.

## Product Overview

### High-Performance Submersible Pump

This submersible water pump is specifically engineered for clean water applications, making it an ideal choice for domestic, gardening, irrigation, and tank emptying tasks. Designed for reliability and ease of use, the unit ensures efficient water removal. It features robust safety integrations including B-class insulation and an integrated electricity-leakage circuit breaker for professional operation.

## Technical Specifications

Power Output	2.2 kW
Horsepower	3 HP
Power Supply	220V 50Hz
Discharge Size	2 inch

## Performance Metrics

### Key Performance Metrics

**250 L/min**

Max Flow Rate

**50 m**

Max Head

**2860 r/min**

Speed

## Certifications & Safety

Safety and Compliance	CE, B-class Insulation, Electricity-leakage Circuit Breaker
