Overview

Professional Electrical Distribution

This power distribution box is designed to safely divide electrical power feeds into subsidiary circuits, providing essential protection via fuses or circuit breakers. Engineered for versatility, it supports both flush and surface mounting options to suit various installation environments. The unit features a fire-retardant PC panel and a robust steel base, ensuring long-term durability and safety for residential and commercial electrical systems.

Technical Specifications

Protection Degree

IP30

Available Circuit Configurations

- 7
- 10
- 13
- 16
- 19
- 26
- 32
- 38

Model Specifications

Model Code	Circuit Count
DX8-07TWB	7
DX8-10TWB	10
DX8-13TWB	13
DX8-16TWB	16
DX8-19TWB	19
DX8-26TWB	26
DX8-32TWB	32
DX8-38TWB	38

Standards Compliance

IEC60670, IEC, CE, CB

Installation Methods

Flush mounted, Surface mounted

Base Material

Cool-rolled steel plate with plastic casted surface

Panel Material

Fireproof ABS / Iron
