

# Sweden Type Pipe Wrench

This heavy-duty pipe wrench is designed for gripping and turning pipes and fittings. The Sweden type design ensures a secure grip and efficient torque transfer.

## Product Overview

### Professional Grade Sweden Type Pipe Wrench

This heavy-duty pipe wrench is specifically engineered for professional plumbing and industrial applications. Featuring the classic Sweden type design, it ensures a secure grip and efficient torque transfer when working with pipes and fittings. Its robust construction guarantees durability and long service life, while the adjustable jaw opening accommodates a wide variety of pipe sizes for versatile use. The ergonomic handle design ensures comfortable and secure handling during demanding tasks.
