

Swiveling Magnifying Bathroom Mirror

This bathroom mirror features 360-degree rotation for flexible viewing. A suction cup secures it to any smooth surface, and it includes a 2.8-inch magnifying mirror.

Product Overview

Versatile Magnifying Mirror

This swiveling bathroom mirror features a dual-design approach, combining a standard reflection surface with a dedicated 10x magnification mirror for detailed grooming tasks. Engineered for flexibility, the unit boasts a 360-degree rotation capability, allowing users to find the perfect viewing angle with ease. Its robust suction cup base ensures secure mounting on any smooth surface, making it an ideal, space-saving addition to bathrooms or dressing areas.
