Product Overview

Industrial Strength Webbing Sling

This high-strength synthetic fiber webbing sling is engineered for reliable load lifting in industrial and construction environments. Constructed from durable woven materials, it offers excellent resistance to abrasion and wear for extended service life. Each unit features reinforced end loops to ensure secure attachment points when used with standard lifting equipment.

Technical Specifications

Performance Metrics

2000 kg

Working Load Limit (WLL)

14000 kg

Breaking Strength (BS)

7 SF

Safety Factor

Physical Dimensions

Property	Value
Webbing Width	60 mm
Effective Length	2 M
Material	PE
Color	Green

Logistics and Packaging

Shipping Information

- Package type: Shrink wrapped
- Quantity per carton: 25 pieces
- Carton dimensions: 62 x 24 x 22 cm
- Net Weight per unit: 20.0 kg
- Gross Weight per carton: 21.0 kg
