

Tabletop Electric Grill with Mini Pans

This tabletop electric grill features an on/off switch with a pilot light. It includes a non-stick coated grill pan, six non-stick coated mini pans, and non-slip feet, with a power range of 750W-880W.

Product Overview

Versatile Tabletop Cooking

This tabletop electric grill is designed for interactive dining, featuring a unique two-tiered cooking system. The top circular plate is perfect for grilling meats, vegetables, and skewers, while the lower section accommodates individual mini pans ideal for melting cheese or cooking smaller side dishes. Its compact footprint makes it an excellent addition to small kitchens or dining tables, offering a convenient way to prepare a variety of dishes directly at the table.
