Overview

High-Efficiency Vacuum Packaging

This professional-grade tabletop vacuum packaging machine features a robust stainless steel construction, ensuring durability and ease of sanitation. Equipped with an electronic volumetric sensor and a digital control panel, it offers precise, continuous vacuum control for consistent results. Its compact footprint, high-speed cycle, and powerful 8 m³/h pump make it an ideal solution for both food and technical item packaging.

Performance

Operational Metrics

8 m³/h

Pump Capacity

1 Kpa

Ultimate Vacuum

Technical Specifications

Electrical Requirements	AC 220V/50Hz or 110V/60Hz
Motor Power	370 W
Sealing Power	150 W
Sealing Width	5mm or 2x3mm

Dimensions & Weight

Dimensions

Metric	Size (LxWxH)
Chamber	282x385x100 mm
External	335x488x360 mm

Net Weight	42 Kg
