

Textured Grip Work Gloves

These work gloves feature a green textured coating on the palm and fingers, ensuring enhanced grip and durability. The beige knit fabric on the back of the hand provides breathability and flexibility.

Product Overview

Professional Textured Grip Work Gloves

These versatile work gloves are designed to provide a perfect balance of protection and dexterity for a wide range of professional tasks. Featuring a high-traction green textured coating, they ensure a superior grip in various conditions. The breathable beige knit backing and secure ribbed cuffs make them comfortable and practical for use in gardening, construction, and general-purpose maintenance.
