

Textured Pimple Rubber Sheet

This pimple rubber sheet is washable and easy to maintain. It offers anti-fatigue properties and reduced noise, even in heavy traffic areas.

Product Overview

Textured Pimple Rubber Sheet

The Textured Pimple Rubber Sheet is a versatile industrial material designed for high-performance applications requiring superior grip and slip resistance. Featuring a distinctive pimple texture, this sheet is engineered for durability and resilience in demanding environments. It is an ideal solution for automotive, industrial, and commercial settings, particularly where safety and surface traction are critical requirements.

Technical Specifications

Reference Number	GW-001
Thickness Range	6 mm
Width Range	1.5 m
Roll Length Range	20 m

Appearance and Design

Available Colors

Black • Grey • Blue • Green • Red

Back Surface Finish	Cloth wove, Smooth
