

# Thermoelectric Compact Refrigerator, 50-Liter Capacity

This compact refrigerator utilizes thermoelectric technology for single-zone cooling. With a 50-liter capacity, it's ideal for efficient cooling in small spaces without the noise of traditional compressors.

## ADDITIONAL IMAGES

## Overview

### Compact Thermoelectric Cooling Solution

This 50-liter thermoelectric refrigerator offers a quiet, vibration-free cooling experience suitable for small offices, hotel rooms, or personal workspaces. Utilizing advanced thermoelectric technology instead of traditional compressors, it maintains a stable temperature range between 5°C and 20°C. Its compact design ensures efficient use of space while providing reliable performance for sensitive items.

## Performance Metrics

### Key Performance Metrics

**50 L**

Capacity

**70 W**

Rated Power

## Technical Specifications

### Supported Voltage/Frequency

- 220-240V/50Hz
- 110-120V/60Hz
- 100V/50-60Hz

Temperature Range

5-20

Climate Class

SN, N

## Physical Dimensions

### Size and Weight Specs

Metric	Value
Net Weight	9.82 kg
Gross Weight	12 kg
Product Size (W*D*H)	430*480*510 mm
Packing Size (W*D*H)	460*515*530 mm

## Logistics

Container Loading (20/40/40HQ)	220 / 460 / 568 PCS
