

Threaded Pipe Adaptor with Washer and Lock Nut

This metallic adaptor is designed for connecting pipes or conduits. It includes a hexagonal body for easy wrenching, a threaded interior, a washer, and a lock nut for secure connections and leak prevention.

Overview

Versatile Threaded Pipe Adaptor

This threaded pipe adaptor is designed for use with diamond saw blades or cup wheels, providing a secure and reliable connection. Constructed from durable metal, it features a hexagonal body for easy wrenching and includes a washer and lock nut to prevent loosening and leaks. Its robust design ensures long-lasting performance and resistance to corrosion in various industrial environments.

Key Features

Included Components

Hexagonal Adaptor, Washer, Lock Nut

Technical Specifications

Compatible Tools

- Diamond Saw Blades
- Cup Wheels

Material

Metallic • Corrosion Resistant

Design Features

- Hexagonal body for wrenching
- Threaded interior
- Secure locking mechanism
