

Three-Blade Indoor Ceiling Fan with Light

This three-blade ceiling fan is designed for indoor use, providing air circulation for cooling and ventilation. It features a central motor housing and a downward-facing light fixture.

Product Overview

Efficient Air Circulation

This three-blade indoor ceiling fan is designed for optimal air circulation and cooling efficiency. Featuring a sleek yellow finish and a central integrated light fixture, it combines functional ventilation with ambient lighting. Its aerodynamically shaped blades are engineered for effective airflow, making it a versatile choice for a variety of indoor environments and decor styles.
