

Three-Tier Industrial Roll Cart Trolley

This industrial roll cart trolley features three levels. It is designed for efficient material handling and storage.

Product Overview

Industrial Material Handling Solution

This three-tier industrial roll cart is engineered for maximum flexibility in warehouse and distribution environments. Designed to adapt to seasonal fluctuations and changing product ranges, it provides a secure and mobile way to transport goods. Its robust construction makes it suitable for diverse sectors, including food services, textiles, and general industrial applications.

Key Features

Operational Benefits

- Collapsible design for space-saving storage when not in use
- Secure containment for sensitive goods
- Flexible warehouse organization for seasonal fluctuations
- Customizable design options available based on usage requirements

Technical Specifications

Suitable Industries

Food Industry • Textile Sector • Services • Logistics

Number of Tiers

3

Surface Treatment

Galvanized, Powder Coated

Design & Mobility

Swivel Casters Included

Yes

Frame Construction

Heavy-duty metal frame with wire mesh sides
