

Three-Tier Rolling Utility Cart

This three-tier rolling utility cart is constructed from durable steel with a powder-coated finish for corrosion resistance. It features three deep shelves for ample storage and is equipped with four swivel casters for smooth maneuverability.

Product Overview

Professional Utility Solution

This three-tier rolling utility cart is engineered for efficiency and durability in demanding industrial environments. Constructed from robust steel with a protective powder-coated finish, it offers excellent corrosion resistance for long-term reliability. Its versatile design features three deep shelves, making it an ideal storage and organization solution for workshops, garages, and warehouses.

Construction & Design

Material & Finish	Steel with powder-coated finish
Durability Features	Corrosion Resistant, Industrial Grade, Steel Construction

Mobility & Stability

Stability Features

- 2 Locking Casters
- 2 Non-locking Casters

Mobility System	4 Swivel Casters
-----------------	------------------

Storage Capacity

Storage Configuration

3 levels
Tier Count

Shelf Design	Deep-sided shelves for secure organization
--------------	--

Applications

Recommended Environments

Workshops • Garages • Warehouses • Industrial Facilities
