

# Three-Way Tipping Trailer

This three-way tipping trailer is designed for versatile material handling. It features a robust chassis and a hydraulically operated tipping mechanism that allows for unloading to the left, right, or rear.

## Product Overview

### Versatile Material Handling Solution

The 7C series hydraulic three-way tipping trailer is engineered for high-efficiency material transport across agricultural, construction, and landscaping sectors. It features a unique mechanism that allows for controlled unloading to the left, right, or rear, offering exceptional versatility for tight workspaces. Built with a robust steel chassis and bed, this trailer is designed for long-term durability and reliable performance in demanding environments.

## Technical Specifications

Tipping Capabilities	Left, Right, Rear
Hydraulic System	Hydraulic self-dumping

## Safety & Compatibility

### Key Features

- Standard hitching system
- Integrated lighting system
- Robust steel construction
- High maneuverability

Road Compliance	Yes
