

# Tiered Solar Pathway Light

This solar-powered pathway light provides an energy-efficient and decorative lighting solution for gardens, walkways, and outdoor spaces. The integrated solar panel charges during the day, automatically illuminating the light at dusk.

## Product Overview

### Solar-Powered Pathway Illumination

This tiered solar pathway light serves as an energy-efficient and decorative lighting solution for gardens, walkways, and various outdoor spaces. Featuring a distinctive tiered design with multiple integrated LEDs, it provides a bright, ambient glow that enhances safety and aesthetics. The unit includes an integrated solar panel that charges throughout the day to ensure automatic illumination at dusk.

## Technical Specifications

Power Source	Solar-powered
Lighting Technology	LED

## Design & Durability

Weather Resistance	Yes
Installation	Ground stake
Design Features	Tiered design, Outdoor rated, Automatic dusk-to-dawn sensor

## Performance Metrics

### Performance Highlights

- Energy-efficient solar charging
- Automatic dusk activation
- Durable construction for long-term outdoor use
- Easy installation in soft ground
