

Tiger Head Sculpture

This sculpture features detailed tiger heads crafted from a textured metallic material. The artwork is mounted on a polished black base.

Product Overview

Artistic Tiger Sculpture

This detailed sculpture features the heads of multiple tigers, meticulously crafted to capture a sense of power and intensity. The artwork showcases intricate detailing in the tigers' facial features and fur, highlighting the craftsmanship involved. Mounted on a polished black base, the piece offers both stability and an elegant aesthetic suitable for professional or decorative display.
