

Tile and Stone Wet Saw

This compact wet saw is designed for cutting tile, stone, and other masonry materials. It features a powerful motor, a diamond blade for clean and precise cuts, and a water cooling system to reduce dust and extend blade life.

Overview

Professional Tile and Stone Wet Saw

This compact wet saw is engineered for precision cutting of tile, stone, and various masonry materials. Equipped with a powerful motor and a high-performance diamond blade, it delivers clean, accurate results while the integrated water cooling system minimizes dust and extends blade longevity. Designed with portability in mind, its lightweight construction and adjustable cutting guide make it an ideal choice for both professional contractors and serious DIY projects.
