Product Overview

Precision Cutting for Professional Use

This high-performance tile cutting machine is engineered to deliver clean, precise cuts on ceramic, porcelain, and natural stone tiles. Featuring a powerful 1250W motor and an integrated water cooling system, it minimizes dust and maximizes blade longevity. The machine offers versatile operation, including a sliding head for perfect cuts, adjustable bevel settings, and the ability to perform precise slot cutting.

Technical Specifications

Motor Power

1250 W

Power Output

Blade Compatibility

- Diameter: 200mm
- Bore: 25.4mm
- Max Speed: 7500 RPM

Max Cutting Length: 625 mm

Slot Cutting Depth: 35 mm

Design and Utility

Design Features

Foldable Stand, Sliding Machine Head, Moveable Water Tray, Integrated Pump System
