

Tile Cutting Machine

This tile cutting machine is designed for cutting ceramic, porcelain, and mosaic tiles. It features a diamond cutting wheel and a water cooling system to minimize dust and heat.

Product Overview

Professional Tile Cutting Solution

The TC180ABC portable wet saw is engineered for high-performance cutting of ceramic, porcelain, and mosaic wall and floor tiles. It utilizes a precision diamond-tipped wheel and a high-torque direct-drive motor to deliver clean, effortless cuts on materials up to 35mm thick. Designed for both durability and mobility, the unit features a lightweight frame with an integrated carrying handle, making it an ideal choice for professional tiling tasks.

Performance Specifications

Blade Diameter	180 mm
Maximum Cutting Depth	35 mm
Motor System	Triple fan direct drive

Features & Construction

Cutting Guides

- Guide fence for straight cuts
- Miter gauge for angled cuts

Key Features	Water Cooling System, Portable, Non-slip Table Surface, Safety Guard
Table Construction	Durable steel
