

Tilting TV Wall Mount for 32-55 inch Screens

This ultra-slim TV wall mount sits just 26mm from the wall, complementing modern flat screen TVs. A lateral shift feature allows horizontal TV adjustment for the ideal viewing angle.

Product Overview

Professional Tilting Wall Mount

The JT2017T tilting wall mount provides a versatile and low-profile solution for 32-55 inch flat and curved screen TVs. Engineered for durability, it supports up to 35kg while maintaining a slim 26mm distance from the wall for a sleek, contemporary appearance. With an integrated -8° tilt function and lateral shift capability, this mount ensures optimal viewing angles in any residential or commercial environment.
