

Tilting TV Wall Mount for 42-70 inch Screens

This ultra-slim TV wall mount sits only 30mm from the wall, complementing modern flat screen TVs. Its lateral shift feature enables sliding the TV for the ideal viewing angle.

Product Overview

Versatile TV Mounting Solution

This professional-grade tilting wall mount provides a sleek and secure solution for mounting 42-70 inch screens. Designed for both residential and commercial use, its ultra-slim profile sits just 30mm from the wall to maintain a modern aesthetic. With a durable steel construction supporting up to 40kg, it offers a robust alternative to bulky furniture while allowing for flexible -10 degree tilt adjustments to ensure the perfect viewing angle.
