

Tilting TV Wall Mount for 65-100 inch Screens

This ultra-slim TV wall mount sits only 48mm from the wall, complementing modern flat screen TVs. Its lateral shift feature allows for effortless TV adjustment, ensuring the perfect viewing angle.

Product Overview

Professional Tilting Mount for Large Displays

This heavy-duty flat panel TV wall mount is engineered to support large screens ranging from 65 to 100 inches. Designed with durability in mind, it handles weights up to 75kg while maintaining a sleek, ultra-slim profile just 48mm from the wall. With a $\pm 10^\circ$ tilt adjustment, it offers flexible viewing angles, making it an ideal solution for home theaters, bedrooms, or commercial display installations.
