

# Toolroom Cut-Off Wheel

These metal cutting cut-off wheels are available in sizes ranging from 2 to 14 inches. They are suitable for cutting steel, ductile iron, concrete, and masonry.

## Product Overview

### Industrial Grade Cut-Off Solutions

These professional-grade cut-off wheels are engineered for superior longevity and consistent performance across a wide range of industrial applications. Featuring a comprehensive selection of diameters and arbor sizes, they are designed to handle demanding tasks including cutting steel, ductile iron, concrete, and masonry. Built for high-speed gas-powered saws, these wheels ensure clean, accurate results for precision machining and heavy-duty fabrication.

## Technical Specifications

### Available Diameters

- 2 inch
- 3 inch
- 4 inch
- 4.5 inch
- 5 inch
- 6 inch
- 10 inch
- 12 inch
- 14 inch

### Compatible Materials

- Steel
- Ductile Iron
- Concrete
- Masonry

### Available Arbor Sizes

1 inch, 20 mm

## Usage Information

### Application Environment

Industrial Use • High Speed Saws • Gas Powered Cut-Off Saws
